"Play, Laugh, Learn, Love, Grow, Take Pictures, & Repeat... Life!" - Elizabeth
Hockmeyer-Williams, Founder

Eluminations

Why Outside?

Every senior portrait session is unique and outdoors encourages freedom and flexibility. Many students find outside more relaxing resulting in more natural expressions and we love that for many of our seniors.

How many dates will be offered at each location?

We photograph almost every day from late July until the end of September at various locations. Sessions may be offered earlier in the summer, based on feedback. We typically adjust our availability at each location based on interest. Watch your email for a short follow up survey to gauge interest in each location and dates will be adjusted based on that feedback. Please watch for that!

Outdoor Sessions

E-luminations 

Will there be other indoor dates offered at BHS?

No, the date offered in October is for make-ups. If you prefer indoor photographs please be sure to plan for one of these dates.

Does E-luminations have a studio I can come to?

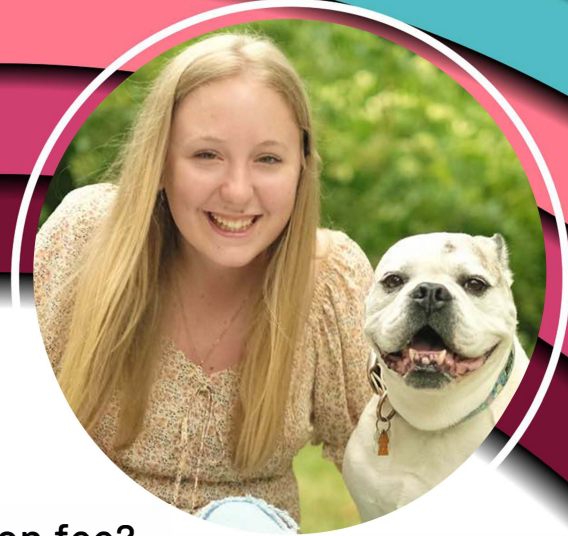

Not at the moment, BUT ... it looks like we have secured a small indoor space in Amesbury, MA. This space would be available starting in mid-August. More details to come.

Indoor Sessions available @BHS

8/7, 8/8, 8/9, 8/10

"Building a business is challenging regardless of circumstances but starting one in the beginning stages of a pandemic requires a level of stubbornness I am proud to come by naturally. To be tasked with preserving a stranger's precious moments is fulfilling work and I strive every day to create memorable images generations will cherish."
